

PRODUCT WARRANTY
WALL TILES

1. WARRANTOR
This product is imported and distributed by Area Floors, Kiezel Kleine Brogel 57, 3990 Peer, Belgium (info@areafloors.com.tr). Area Floors provides the following warranty, in addition to the consumer's statutory rights.

Limited warranty — 900 Series (SPC wall tiles). This is a separate certificate: wall tiles are not flooring.

Warranty type	Duration
Residential - Home use	7 years
Commercial - Contract use	3 years
Structure & joint integrity	Lifetime

2. WARRANTY PERIOD
The warranty period begins on the invoice date. In the event of a claim, the period is neither extended nor restarted.

3. SCOPE AND PRO-RATA COMPENSATION
The warranty is limited to latent defects: defects not visible before or during installation. For a valid claim, the initial period is compensated in full (100%); thereafter the compensation decreases each year on a pro-rata basis.

TYPE	100% period	Decreasing period	Annual decrease
Residential - 7 years	Years 0-1	Years 2-7	14% (1/7) per year
Commercial - 3 years	Years 0-1	Years 2-3	33% (1/3) per year

The reduction follows a 1/N model over the term (e.g. a 7-year warranty reduces by 1/7 each year). Structure and joint integrity warranty: the products are free from manufacturing defects, except for minor colour deviations. The joints remain intact.

STANLEY®

WALL TILES
WARRANTY

4. WARRANTY CONDITIONS

This warranty applies only to indoor SPC wall applications, at the original installation site, from the date of purchase.

- Installed per the STANLEY Installation Guide for wall tiles, using the Tongue & Groove system.
- SPC wall panels are moisture resistant and suitable for humid rooms such as bathrooms and kitchens. However, excessive and continuous exposure to moisture — particularly standing water — may affect the adhesive bonds and the surface finish.
- Before installation, inspect the material for visible defects in daylight, colour or gloss; no claims for surface defects are accepted after installation.
- Incorrect installation voids the warranty. Retain proof of purchase.

5. EXCLUSIONS

Warranty claims do not apply to damage caused by, among others:

- Alkalis, hydrostatic pressure, expansion and contraction between panels/tiles.
- Exposure to extreme cold, heat or dryness.
- Irregularities in the substrate or improper preparation thereof.
- Mould or mildew growth due to prolonged exposure to moisture.
- Adhesives, tapes, stains, scratches, gouges, burns, accidents or abuse; improper storage or handling; flooding and leaks.
- Sharp objects, animal claws/nails and abrasive materials.
- Loss of gloss consistent with normal wear over time.
- Failure to follow STANLEY's installation and maintenance instructions.
- Wall coverings installed in unsuitable locations; insect infestation after shipment; untreated surfaces.

6. RECOMMENDATIONS

Ensure regular air circulation and ventilation against moisture build-up. Avoid sudden temperature changes. Do not place furniture, cabinets or appliances tightly against the panel surface — leaving a gap of a few centimetres benefits durability.

7. MAKING A WARRANTY CLAIM

The customer must submit the claim with informative photographs and the original invoice showing the purchase date and dealer stamp, within 15 days of the defect appearing, in writing to the retailer who sold the material. Area Floors reserves the right to inspect the wall on site or via a third party. If a defect is confirmed, it is repaired or replaced once; labour costs are not covered.

8. LIMITATION OF LIABILITY

The warranty is non-transferable and applies only to the original purchaser. Information in brochures, datasheets and marketing materials is general and not binding. Representatives and dealers are not authorised to modify the warranty.
